

Naturopathic medicine is health care that emphasizes prevention, treatment, and optimal health through the use of therapeutic methods that encourage the body's inherent self-healing processes.

Naturopath Courses

∞ Combining health and care with nature ∞

BECOME A HOLISTIC HEALTH PRACTITIONER

Use natural means to help yourself, family, and friends!

Receive board certification as a Certified Holistic Health Practitioner from the American Association of Drugless Practitioners in one year. This class will cover herbs, teas, poultices, flower essences, essential oils, and nutrition. It includes an introduction to iridology, natural cancer cures, and more!

This exceptional course is offered by The Southern Institute of Natural Health and taught exclusively by Dr. Betty Sue O'Brian, ND, MH. She has also been voted Iridologist Of The Year! Dr. O'Brian is a sought after teacher and practitioner worldwide.
